For all other Appliances, Customer has 10 days to return faulty appliances.	Customer Installation of subsequent Software Releases. Additional warranties may be available for purchase. Customer responsible for CRUs. ²

¹Customer-Performed Tasks:

Customer-performed tasks are product support tasks that Customer is authorized by RSA to perform. RSA will provide diagnostic tools and documentation to enable customers to perform replacement of designated Equipment and other service tasks.

²Customer Replaceable Units (CRUs):

CRUs are specific assemblies, components or individual parts of designated RSA Equipment that Customer is authorized by RSA to self-replace. In the event of a Failure or technical issue, a customer may remove and replace a CRU by using RSA-provided diagnostic tools and/or documentation. Assemblies or components not designated as CRUs, must be serviced and/or replaced by RSA or an RSA authorized service partner. Authentication Manager CRU parts limited to complete Appliance.

³Standard Replacement:

The System/Security Administrator at your company will return any non-expired tokens that no longer function properly to RSA. Replacements will be shipped within 5 days after the defective token is received. A printable form will be e-mailed back to the customer containing a pre-filled return form with RMA numbers and ship-to information. More details can be found here: <https://rsa.secure.force.com>ReturnsForm>.

⁴Advanced Replacement:

After filling out the appropriate information, RSA will ship out replacements for each valid token within 2 or 3 days. It is the customer's responsibility to ship the defective tokens back within 60 days of the receipt of the replacement tokens. If not, RSA will invoice for the replacement tokens shipped. More details can be found here: <https://rsa.secure.force.com>ReturnsForm>.

⁵Support Option:

Determined based on the support option purchased in your subscription or maintenance agreement with RSA. Please see your order form for additional information.
Basic support not available for Authentication Manager

⁶The Warranties and Replacements stated in the above table shall not apply if Customer fails to comply with the RSA End User License Agreement, or any other agreements made between Customer and RSA, along with misuse, abuse, improper operation or misapplication.
